

Department of Cell and Systems Biology

APPROVAL OF THESIS

Candidate: _____

Degree: Ph.D.

Thesis title: _____

I have read the version of the thesis that is to be submitted to the supervisory committee and certify that it is in a form suitable for evaluation/examination. Elementary rules of the usage of English have been followed, and the text is free, or near free, of typographical errors. Tables, figures and references are correctly annotated, and the departmental guidelines for theses have been followed. I recommend that the final Thesis Approval Meeting take place.

Signature of supervisor

Date

This form must be signed by the supervisor and returned to the Cell and Systems Biology Graduate Office (Ramsay Wright Building, Room 424F), before copies of the thesis are distributed to members of the supervisory committee. Failure to return the completed form will result in the postponement of the evaluation. Arrangements for an examination may also be cancelled if one or more committee members find the thesis unsuitable for examination. A copy of this completed form must accompany each copy of the thesis.
