- Dates: Flexible, summer 2015
- Accommodation allowance available

Participants in the 2013 Konstanz Summer Research Program

Costs and Funding

Participants must pay 1.0 tuition and incidental fees to U of T in order to receive the CSB397Y0 credit.

Students nominated by the CSB department will receive priority consideration for the CIE bursary. The bursary covers the cost of airfare and some living expenses.

Application Requirements

1. Online CIE application
2. One academic reference letter
3. Statement of research interest
 - ⇒ Please include details of research interests and experience

Please note: The CIE is not able to guarantee research placements for any students. Please remain as flexible and patient as possible throughout the application and project matching

Testimonials

"Singapore has been a life-changing experience. ...it has brought me so much joy, knowledge, and respect for studies abroad."

Michelle H., 2013

"This past summer has been the best summer of my life - I learned a lot (academically and personally) being on the other side of the world."

Kelly L., 2014

Students applying to the CSB Summer Research program should have completed **at least 2 years** of undergraduate study. Priority may be given to 3rd or 4th year students in some cases.

Applicants must have a minimum **GPA of 2.5**

Priority will be given to students in a **Major or Specialist program** sponsored by the CSB department
