

**Disciplinary Focus Application, 2017-18**  
**Cell & Molecular Biology Major or Specialist Program**

Student Name: \_\_\_\_\_ UTORid: \_\_\_\_\_

Student Number: \_\_\_\_\_ Year of Study in 2017-18: 2<sup>nd</sup> 3<sup>rd</sup> 4<sup>th</sup>

Focus (choose one):           Molecular Networks of the Cell  
  Stem Cells and Developmental Biology  
  Plant Genomics and Biotechnology

Please confirm enrolment in the Cell & Molecular Biology Major       or Specialist

Please confirm that you earned at least 80% in BIO130H1       and/or BIO230H1

If you are in 3<sup>rd</sup> year, please review the course requirements for the focus of interest [here](#), and confirm that you are positioned to complete them by the end of 4<sup>th</sup> year. Yes

Do you understand that participating in learning community meetings and activities is required for each year you are enrolled in the focus? Failure to do so will mean removal from the focus and reversion to your regular Cell & Molecular Biology program. Yes

What sparked your interest in the focus topic?

What was the most surprising thing you learned about cell and molecular biology this year?

What do you hope to achieve though participating in the focus and learning community?

**Please email the complete form to the address for the focus you are applying to:**
