APPLICATION PROCEDURE

Applicants complete the SGS Online OGS application, and must submit an OGS application to each institution (and specific department) for which they are currently enrolled or are seeking admission. OGS awards are not transferrable from one university (or department) to another.

Important note for international students: Applicants holding a student visa (by the March 12th deadline for international students) are eligible to apply following the same application process set by their current or proposed graduate unit. Graduate units will select and forward a limited number of applications (one for CSB) to the School of Graduate Studies to compete in a centralized adjudication.

Online submission is all that is required. The CSB Graduate Office does not require a scanned copy.

Applicants must submit an OGS application to their current or proposed graduate unit using the U of T OGS Application Form, accessible through the SGS website at:

<https://www.sgs.utoronto.ca/awards/ontario-graduate-scholarship/>

Detailed step-by-step instructions can be found at:

RECENT CHANGES IN REQUIRED DOCUMENTS

The online OGS application does NOT require official/original transcripts from studies completed at universities attended by the applicant. Scanned printouts from institutional websites will be accepted. Pages of transcript(s) should be linked together, and one separate PDF file should be uploaded for each degree/institution.

Although official transcripts (from outside UofT) are not required at the time of the OGS application, they must be available in the department admission file in order for you to accept and hold the award. Official UofT transcripts are NOT required because the department will be able to verify the authenticity.

Applicants will need to provide information about the two referees who will each complete an Academic Assessment Report online. You are limited to two referees, who should be faculty members or individuals who have had sufficient opportunity to assess your academic potential.

A COMPLETED OGS APPLICATION WILL CONSIST OF:

*An online OGS application form, which includes proposed studies, applicant profile, academic background, awards and financial aid, academic achievements, scholarships and awards, and research contributions.

*Two academic references (referees will be required to submit on-line). Please ask your referees to fill out your reference forms in advance of the deadline. You should ensure yourself enough time to have your application complete before the departmental deadline.

*Scanned transcripts from all post-secondary institutions (unofficial and student-issued copies are permitted. e.g. ACORN screenshots).

*Plan of study (one page plan of study, plus one page for references/citations). Follow the posted file requirements and make sure the file is PDF unprotected.
